\*In some cases, Throw Away Dogs will be donating dogs that are already trained and imprinted on certain odors. If you are one of the recipients that will be receiving a **trained** and **imprinted** dog, we will provide you with numerous videos of the dog we selected for you in training and working. You will be required to come and visit with our trainer for a brief training session to familiarize you with our dog. From time to time Throw Away Dogs will only be providing a "Green Dog" that will be only prepped and ready to start K9 school.

All recipients are required to make arrangements to obtain their K9 and complete the required training (**certified**) within 90 (ninety) days of receiving their donated dog, otherwise the recipient will forfeit their donation and dog will be returned to Throw Away Dogs. We take great care in the placement of our dogs with qualified Departments, we want to ensure our dogs will be cared for properly.
